

Dear Sir or Madam ,

In connection with the growing tension in international relations and the destabilization of the political situation in the world caused by a disproportion in the world financial and economic spheres, the emergence of extremist and extremely radical movements on the world stage, the violation of the demographic balance, the aggravation of the nationalistic, religious and other contradictions affecting the fundamental values of the material and intellectual life of the peoples of the world, officially registered opposite political party in the Russian Federation “LDPR – The Liberal Democratic Party of Russia” led by me, applies to You as Indian politician to consider the opportunity of your participation in the World Congress of Peace-loving Forces in Moscow for discussion of issues of international cooperation and stabilization the situation in the world.

Carried out by LDPR research of socio-political and economic development of the countries of the world for the period since the end of the World War II till the beginning of this century, the main result of which became disintegration of The Soviet Union and Yugoslavia, the contradictions in the European Union and military actions in South-Eastern Europe, lack of stability throughout the Middle East region and the tension of the situation on Korean Peninsula, led to a general conclusion about crisis of existing political regimes and the inevitable leaving of the current ruling elites. They will be replaced by new forces, among which the LDPR is able to become a connecting link in the process of formation of socio-political system and the world order within the whole XXI century.

The LDPR is the first opposite party in the Soviet Union, founded in December of 1989. We are one of the two parties that participated in the elections of deputies of the State Duma of the Federal Assembly of the Russian Federation of all seven convocations, who always received representation in the lower house of Parliament.

As Chairman of the LDPR I want to assure you of our interest in closer inter-party cooperation by strengthening and developing our relations. I realize the importance of developing relations between our peoples, states and parliaments. I also count on the development of personal working contacts.

At the final stage of the Congress it is expected to adopt the outcome document – the "Moscow Declaration of the World Congress of Peace-loving Forces", which will include the basic principles of stabilizing and strengthening the world order, eliminating social inequality, sustainable development and eradicating all forms of violence in hot spots around the world.

The World Congress of Peace-loving Forces is scheduled to be held on June 7, 2018 and the cultural program for the next day. In this connection, we would ask you to express your conceptual position on our initiative and the principled willingness to participate in our event.

On behalf of the LDPR, I express my hope for the further development and strengthening of our inter-party relations that promote to the formation of a new model of socio-political system and the world order on the basis of voluntary and equal participation of countries.
